House 3  1  2 

3 bedroom+ home on separate rear block!

Built originally by a well respected local builder for his daughter, this home has a few surprises! The 'plus' part mentioned above is a rumpus off the 3rd bedroom & there's also a computer room or sewing room off the main bedroom. Complete this with a long, covered entertainment area across the rear & a really good tenant, & you have quite a good real estate opportunity!
