\$699,000

Lifestyle 10+ 5

Homesite overlooking the sea!

Bruxner Park is well known as the location for good opportunities to build your dream home looking out to sea! Here's a block which may suit your needs? It's 1.754 ha, has water running through it (even back in November when the drought was at it's height here!) Power is just above this block + a substantial new concrete driveway has been completed for access! Please ignore any reference to bedrooms & bathrooms as this is a vacant rural block for sale. Aerials now added to enhance your idea of the site!
